Our Team

We have a wealth of experience & knowledge within our sales team & are more than happy to answer your questions & guide you through your timber and joinery needs, no matter how large or small.

Area Supplier

N R Burnett is the area supplier of a variety of specialty items. Some of these suppliers include:

Trex Decking, an eco-friendly composite decking from USA

HardiePlank, a low maintenance fibre cement cladding from USA

Durapost, a strong lightweight fencepost system made in the UK

DURAPOST

Durapost by Birkdale provides a stylish, secure and strong framework designed to work with panels and boarding.

Manufactured in the UK from galvanized steel, these posts are wind tested up to 110mph, unlike concrete or timber posts these will not crack or warp and come with a 25 year guarantee.

Available in standard steel or powder coated in Anthracite, Sepia Brown and Olive Grey

"DURAPOST IS PRACTICAL ON SO MANY LEVELS. IT LOOKS SMART, IS INCREDIBLY LIGHT AND DURABLE"

BRADEN, HENLEY

www.durapost.co.uk

Durapost Accessories

Along with the posts there are many accessories to finish off your Durapost project. Among these are post caps, fence capping rail, composite gravel boards and coloured capping screws.

All accessories are available in all 3 powder coated colours.

Specialty items are also available to order, these include:

- Aluminium Gate, an adjustable gate frame with gravel board type infill panels for a robust and versatile fence gate.
- Composite Panel packs, a boxed fence panel with all fittings required to make up a vertical hit&miss panel, perfect for easy distribution.

Easy To Install

Due to being lightweight these posts are easily installed by a single person unlike heavy concrete posts, this in turn cuts down labour costs drastically and makes the posts better value for money than most alternatives.

STRONG. STYLISH. DURABLE.

CLASSIC DURAPOST

Made from cold-rolled galvanneal steel. Our Classic Durapost can be used for virtually any type of fencing and can withstand wind speeds of up to 110mph. Available in four colours.

LENGTHS: 1.8m | 2.4m | 2.7m | 3m

CAPPING RAIL*

An aluminium rail to protect the top of your fence from the weather. Available in three colours.

LENGTHS: 1.83m | 2.45m | 3m

Accessories

01 Capping Rail Clip (Black)
02 Capping Rail In-line Bracket
03 Capping Rail Clip (BZF)
04 Capping Rail Packer

POST CAPS

Made from galvanneal steel and available to buy in all four colours.

DIMENSIONS: 75mm x 75mm
Brackets included

U-CHANNEL

For use as a wall plate or adapter for corner posts. Available in four colours.

LENGTHS: 1.8m | 2.1m | 3m

GRAVEL BOARD*

A composite gravel board that protects the base of the fence from the ground. Available in three colours.

LENGTHS: 1.83m | 2.44m | 3m

Stacked Configuration

Easily stack gravel boards on top of each other to achieve a composite fence. Reinforce bar is recommended in the top, middle and bottom gravel board for strength.

COVER STRIPS*

Designed to improve the aesthetics on the fixing side of the post and can be added on afterwards to any Durapost project.

LENGTHS: 2.1m
U-Channel Cover Strip also available

GATE POST

For use when hanging gates, creating 90° corners or to end a run of fencing. Available in four colours.

LENGTHS: 1.8m | 2.4m | 3m

BOLT DOWN

For use when fixing Durapost to solid surfaces where digging a hole is not possible.

DIMENSIONS: 150mm x 80mm

FINISHES

* NOT AVAILABLE IN GALVANNEAL

Fence Panels

Our fence panels are supplied by Grange Fencing, a UK based fencing company since 1868. Our standard Superior lap panels are green treated with the slats secured into a neat rebated frame making it stronger than a traditional panel.

Available in 4 sizes:

6ft x 3ft

6ft x 5ft

6ft x 4ft

6ft x 6ft

Superior Lap Panels

www.grangefencing.co.uk

Something Different?

Many special panels are available to order, common types include Elite Espirit Panel (right)

And also the Elite Meloir Panel (Below)

Other more contemporary and specialty panels are also available to order

Specialist Panels

More specialty panels include the Adjustable garden screen, which has horizontal slats which are able to be adjusted from open to close.

If you prefer to stay away from the square panels there are also bow top panels available in different styles

Colours To Order

Some panels are available in different colours and treatments,

The standard we stock is Green treated but also available are Golden Brown, Dark Brown and also Grey*

*Only available on certain ranges

Timber Decking

Our timber decking is currently available in 125mm, 150mm single sided and 150mm dual sided widths.

We can also supply Opepe & Sapele hardwood decking to order, unlike the softwood decking these are a very durable tropical marine timber which does not require treatment, although without any treatment over time will start to lose their beautiful colours, so a clear UV protection is recommended.

Hardwood
Decking

Decking Accessories

To go with our quality decking we also keep on stock newel posts, rails and spindles.

2 different types are on offer, a contemporary square post and spindle, and also an Edwardian style spindle and post.

To order from our suppliers we can get special accessories:

- Finial post cap, available as flat caps or ball caps
- Round top posts & timber 'H' posts, timber side strips and capping rail

Post Spikes

If required for your decking/newels we also stock 3" and 4" post spikes and bolt downs to securely fasten your decking frame or newel posts to the ground.

If spikes and bolt downs aren't appropriate we also keep Postcrete post cement on stock

Trex Composite Decking

We are an area supplier for the USA based Trex decking, Trex have the largest market share of composite decking in North America. Their eco-friendly decking is made from a blend of 95% reclaimed timber and plastic.

Trex Composite Decking

uk.trex.com

Trex Colours

Trex is available in 6 main colours, 2 of which N R Burnett keep on stock, these being Saddle and Clam Shell,

To order are the 'Naturals' range of colours, from greys to browns

Trex Accessories

Trex have finishing touches like railings and also decking drainage systems to ensure no flooding or pooling appears on the deck.

Also available is Trex Protect tape, a self adhesive tape for decking joists to help prevent rot and to make your deck last as long as possible.

Website

Visit the Trex UK website for more details and stock options,

They also have a cost calculator to work out rough costs of decking systems before ordering.

Find them at uk.trex.com

Cladding

Our cladding comes in a range of styles and treatments, Our most popular is the 4" green treated Loglap which we machine in house and send to be pressure treated, Alongside that we keep 5" Vac Vac clear treated Loglap which has more of a natural look.

For a more premium cladding we have Thermowood, Larch & Cedar made to order.

And our top tier is a fibre cement cladding called HardiePlank

Cladding

Timber Cladding

Loglap cladding is pressure treated as standard but can also be sent away for a range of treatments and staining's to fit the customers needs, one popular treatment is Fire Retardant Treatment to protect external building fires spreading to other areas of the property

Other claddings are also available on top of loglap:

- Shiplap Weatherboard*, as the name suggests this was originally used on boats but is very popular for sheds.
- Matchings*, looking similar to floorboards matchings have a 'V' groove. Usually used for internal walls of sheds and summerhouses.

*Treatment to order

Western Red Cedar

Usually looking like standard matchings cedar cladding has a vibrant orange colour making it a lovely addition to any summerhouse or garden bar.

Due to the popularity of these structures during the pandemic, cedar along with larch are some of the many items in short supply and therefore are made to order.

HardiePlank Fibre Cement Cladding

We are the area supplier of HardiePlank fibre cement cladding, HardiePlank is a versatile, low maintenance weatherboard with a natural and beautiful texture.

It is lightweight and easy to install, and comes as standard A2 non combustible fire rated so you can rest assured that in the event of a fire you're in safe hands.

HardiePlank Cladding

HardiePlank Colours

HardiePlank is available in 21 colours and 2 different textures – Woodgrain or smooth.

As a stockist we do not keep all 21 colours but all 21 are available to order.

On site we keep 5 colours,

Sale Cloth – Boothbay Blue – Arctic White
– Anthracite Grey – Pearl Grey

Hardie Accessories

Along with the cladding planks we also keep on stock a variety of accessories to help install HardiePlank,

These include edge strips, starter strips, Gecko tools to assist in one-man fitting, vent strips, edge coating paint and cutting guillotines

P15

Timber Sleepers & Posts

Sawn sleepers have lots of garden applications, from the more common planters to steps and benches.

Our sleepers are green pressure treated and are available in 100mm x 200mm and 125mm x 250mm sizes.

Our timber fence posts come in 75mm x 75mm, 100mm x 100mm and 150mm x 150mm

Sleepers & Posts

Sleeper Planters

Easy to make and finishing with a great look, planters can be used for plants & vegetables or internally raised and filled with decorative stone for more of a boundary look.

Pergolas

Our 150mm x 150mm posts are perfect for constructing your own pergola, along with some treated cross-members it could be much more beneficial and more cost effective, on top of that you can erect a completely bespoke size and shape to suit your garden.

Fence Posts

Of course the main use of the posts is for fence posts, our posts are generally available in both 2.4mt & 3mt lengths, enabling you to erect most common sized fences with ease
